EMERGENCY MEDICAL SERVICES APPROPRIATION (EMSA) GUIDELINES

The purpose of Assembly Bill (AB) 430 is to reimburse physicians for uncompensated emergency services.

Background

AB 430 provides reimbursement for uncompensated emergency services provided by physicians to the indigent population in the current fiscal year. The bill appropriates \$24,803,000 of Proposition 99 Tobacco Tax money from the Cigarette and Tobacco Products Surtax Fund (CTPSF) through the California Healthcare for Indigents Program (CHIP) and the Rural Health Services (RHS) Program accounts (See Chart A). AB 430 is separate from the CHIP and RHS Program and is referred to as the “*Emergency Medical Services Appropriation (EMSA)*”.

The Office of County Health Services (OCHS), which administers the CHIP and RHS Program, is responsible for disbursing EMSA through the Hospital Services Account (HSA), Physician Services Account (PSA), and Unallocated Account (UA). Of the total funds available, OCHS will disburse \$22,324,000 to CHIP counties and \$2,479,000 to RHS counties (see EMSA Tables). RHS counties have the option of receiving the funds through EMSA (see Chart B) or the EMSA Contract Back Program (see Chart C).

It is the responsibility of each CHIP and RHS county that receives EMSA directly to administer the monies for the purposes of the bill. CHIP and RHS counties shall deposit the PSA and UA monies into the PSA of their Emergency Medical Services (EMS) fund. In addition, CHIP and RHS counties may deposit the HSA monies into an existing or new account at the discretion of the county (see Chart B and D). Counties are required to account for HSA and PSA/UA monies separately.

EMSA Requirements

The following outlines the EMSA components and requirements:

A. Fiscal Year (FY)

The appropriation is for emergency services rendered in FY 2001-02.

B. Standard Agreement (SA)

The Department of Health Services (DHS) and the County will enter into a SA that will include language covering expenditure requirements, general requirements, administrative cost and recoupment. The Chairperson or designee of the Board of Supervisors shall sign the SA.

C. Allocation of Funds

The OCHS shall allocate monies through the HSA (\$9,015,000), PSA (\$2,328,000), and UA (\$13,460,000) to each CHIP and RHS county. Each county shall receive monthly payments once the SA is fully executed. All funds shall be allocated and expended in FY 2001-02. All unexpended monies including interest earned shall be returned to DHS.

D. Use of Funds

EMSA monies shall be used for reimbursement of uncompensated emergency services, as defined in Welfare and Institutions Code Section 16953, for physicians who provide services to patients who cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government. No physician shall be reimbursed more than 50 percent of losses. Emergency services means physician services provided in one of the following:

- A general acute care hospital which provides basic or comprehensive emergency services;
- A paramedic receiving station approved by a county prior to January 1, 1990;
- A facility which contracts with the National Park Service prior to January 1, 1990;
- A standby emergency room in a hospital.

EMSA monies shall not be used to reimburse physicians employed by county hospitals and physicians who provide services in a primary care clinic.

E. Administrative Cost

Counties may spend up to ten percent (10%) of the total EMSA monies on administrative costs.

F. Reporting Requirements

OCHS will require each county to complete and submit an EMSA Expenditures and Physicians Data Report on the use of HSA and PSA/UA funds. One Progress Report (due November 15, 2002) and one Final Report (due April 15, 2003) shall be submitted.

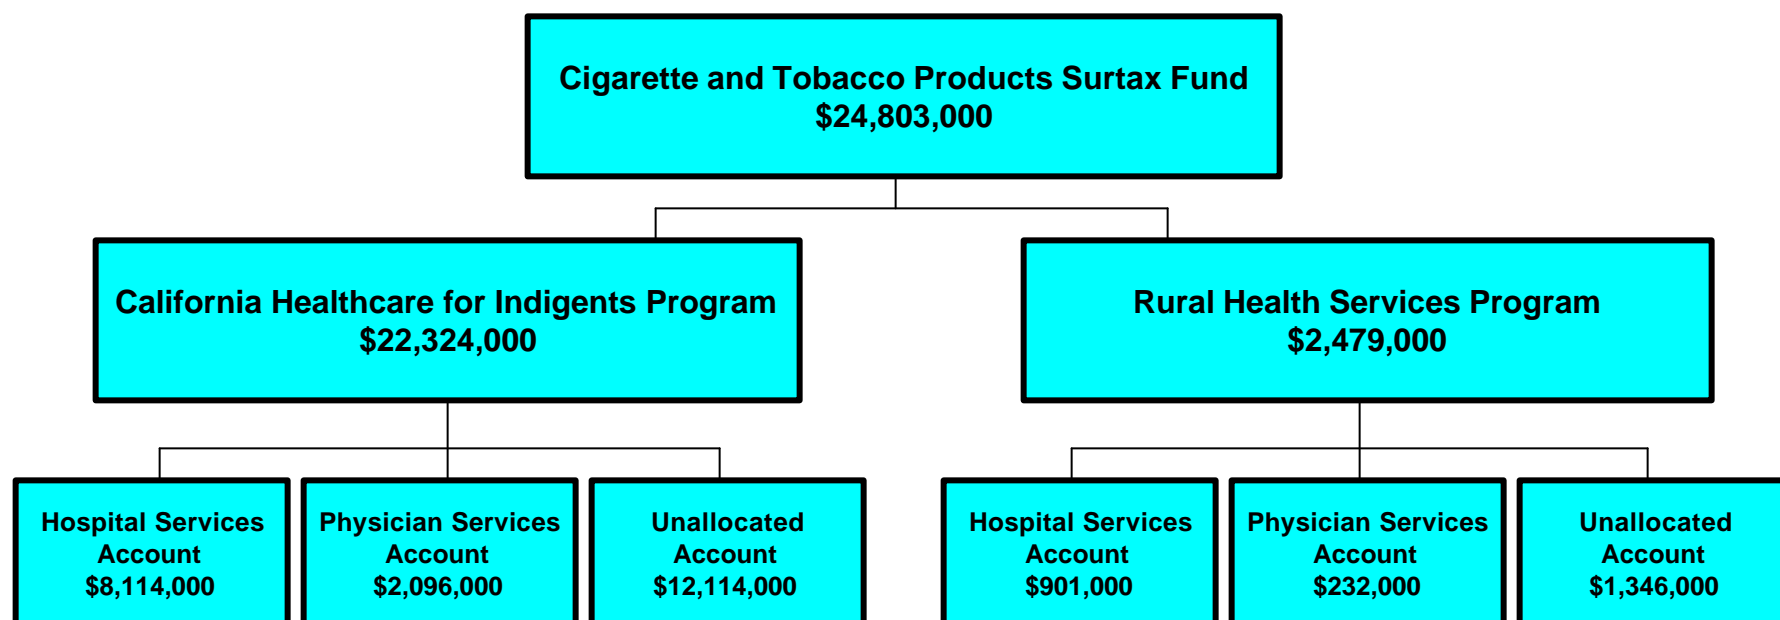

G. Net County Cost (NCC)

The EMSA may affect a county's NCC if the revenues are not fully expended by the end of the fiscal year. This would lower a county's NCC.
